

WebUntis Access for Parents/Guardians (TSN Parents)

Requirements: **The login will only work if you have provided the school with an email address.**

If you have provided two different email addresses (one for the mother and one for the father), you may create two accounts. If you have provided only one (shared) email address, then only one account (either for the mother or the father) is possible.

Please feel free to inform us of any missing or updated email addresses.

Further information is available at: <https://www.tirol.gv.at/digitalservicetirol/tsn-parents/>

Step 1: REGISTRATION

- 1.) Click on the "Registration" link in the registration email (sender: support@tsn.at).
- 2.) Activate your TSN access either via your ID-Austria (for individuals) or your email address (simple login). We recommend the more secure option using ID-Austria! Follow the registration steps provided.

The screenshot shows the 'Anmeldung' (Registration) page of Digital Service Tirol. The page has a header with the 'LAND TIROL' logo and the title 'Anmeldung'. On the right, it says 'Digital Service Tirol' and 'Mein Land Tirol de'. The main content area is titled 'Aktivierung TSN Zugang'. It contains two columns of options for registration. The left column is for 'Privatperson' (Private person) with a 'Login ID Austria' icon. The right column is for 'Einfache Anmeldung' (Simple registration) with an 'E-Mail Adresse' (Email address) icon. Below these options, there are links for 'Informationen zur ID Austria' and 'Informationen zur Anmeldung mit E-Mail-Adresse'.

LAND TIROL Anmeldung

Melden Sie sich mit Ihrer E-Mail-Adresse an, wenn Sie nicht über eine ID Austria oder USP Zugang verfügen. Bei Anmeldung mit E-Mail Adresse können nicht alle Services angeboten werden und die Funktionen der Services können eingeschränkt sein. [Informationen zur Anmeldung mit E-Mail-Adresse](#)

Step 2: LOGIN

You can now log into WebUntis as follows:

- 1.) On the page <https://webuntis.com>, enter the school name "ak-gym-innsbruck." Alternatively, you can use the direct link: <https://tritone.webuntis.com/WebUntis/?school=ak-gym-innsbruck#/basic/login>
- 2.) Click on the "TSN Parents" button. The other input fields below are not relevant for you. Your children can log into WebUntis via the "Portal Tirol" button above.

3.) Click on the method you chose during registration (ID-Austria or email address). You will then be logged directly into WebUntis, where you will have access to the timetable, absences, homework, messages, registration for office hours and parent-teacher meetings, etc.

Step 3: UNTIS MOBILE APP

We recommend the simple and practical Untis Mobile App. Before you can use the app, the registration (see Step 1 above) must be completed.

1.) Download the "Untis Mobile" app from the Android Play Store or the Apple App Store to your mobile device.

2.) Open the "Untis Mobile" app.

3.) In the "Profile" tab, click on your username at the top, then click on "Add Profile."

4.) On a PC/Laptop:

- Log in to WebUntis with your login details (see "Step 2: LOGIN" above).
 - Click on your username in the bottom left to access your profile. • Click on "Sharing."
 - Go to "Access via Untis Mobile" and click on "Show."
- 5.) On the mobile device (phone, tablet, etc.): Click on "Login with QR Code" and scan the QR code from WebUntis on your PC/Laptop.

You now have access to "Untis Mobile." Tip: You can switch the view between weekly and daily mode in the timetable at the top right. The daily view provides more details.
